

Bravo Industries completed negotiations regarding the acquisition of Consub Defesa e Tecnologia S.A.

Welcome to Consub, a Bravo Industries Company

Arlington, VA., United States, Oct. 13, 2016 – Bravo Industries has completed negotiations regarding the acquisition of Consub Defesa e Tecnologia S.A. from Siem Offshore. Consub is a leader in naval military combat management and command and control systems in South America. Aligned under the Bravo Defesa LLC business segment, Consub is now known as “Consub, a Bravo Industries company”.

“We are extremely proud to welcome Consub’s team to Bravo,” said JR Pereira, Bravo president and CEO. “Consub has a legacy of innovation and performance that has shaped the history of the Brazilian Navy for more than 20 years. Together, we are even better positioned to provide the best value for our customers, employees and shareholders.”

The acquisition advances Bravo Industries commitment to enter the South America market providing its customers with mission ready solutions that are affordable and efficient, while expanding its core business into the growing areas and regions.

Consul has developed “SICONTA - System Tactical Control” core of all Brazilian warships including Frigates which were submitted to the modernization process “MODFRAG”. An advanced system is being developed for submarines.

Consul, a Bravo Industries Company, will retain its headquarters in Rio de Janeiro, RJ.
